Roll A Turkey Game:

Supplies:

- 1 Dice -1 Pack of M&Ms (for each player) - 1 turkey per player

How to play:

To play, each player gets their own turkey game board. Take turns rolling the dice and placing one M&M on your turkey that matches the color you rolled. For example, if you roll a 4, place one red M&M on your turkey.

Then, it's the next player's turn to roll and add a candy to their turkey.

Keep taking turns and filling your turkeys until someone has all their spots covered. But there's one more thing! The first player to fill their turkey must gobble like a turkey to win the game!
